(Received 20 July 2014; published online 19 August 2014)

[http://dx.doi.org/10.1063/1.4892936]

This article was originally published online and in print on 11 December 2013 with a typographical error in Eq. (1). In the numerator of the fraction, $m_1$ should be $m_i$. The correct Eq. (1) should read

$$a_i = \frac{1/m_i}{1/m_1 + 1/m_2 + 1/m_3}, \quad i = 1, 2, \text{ or } 3.$$  (1)

AIP Publishing apologizes for this error. All online versions of the article were corrected on 23 July 2014.
