The Chalk Pit

1833 - A worker is killed by falling chalk, caused by an earthquake

1861 - A tramp sleeps in a local lime kiln

1955 - More than 34,000 tons of chalk are produced

1999 - The neighbouring limeworks site is abandoned

2014

I listen
I sit
I walk... along the grass, along the chalk.

Where the chalk used to be.
Where hands and picks and cogs and machines and explosives and gears and wheels and and and and and dust...

changed the shape of the map
